Toledo Bend Lake - Big Lake!

Toledo Bend Lake is located in Louisiana and Texas on the Sabine River and forms a portion of the boundary between the two states. The reservoir is 65 miles in length and covers an area of 186,000 acres with 1,200 miles of shoreline. It is the largest man-made body of water in the South and the fifth largest in surface acres in the United States. It offers unlimited opportunities for fishing and recreational activities.

FISHING – BIG FISH!

While bass fishing is the most popular on Toledo Bend, other species, such as crappie, bream, white bass, strippers and catfish are in abundance. The current bass lake record is 15.33 lbs. We have recently had 61 lunkers (over 10 lbs.) caught during a single year. The official weigh-in sites are Toledo Town & Tackle, located at Hwy. 6 West and Pirate's Cove, located at Hwy. 191 South. If you agree to release your lunker, the Toledo Bend Lake Association will award you with a replica.

Toledo Bend Lake attracts numerous fishing tournaments because of the abundant fishing and the well-designed facilities. Cypress Bend Park and San Miguel Park host more than 35 major fishing tournaments each year. For a list of lunkers and fishing tournaments, please visit us at **ToledoBendLakeCountry.com**.

Toledo Bend Forest Scenic Byway

The Toledo Bend Forest Scenic Byway (Highway 191) travels the length of Toledo Bend Reservoir and showcases 76 miles of rolling hills lined with stately pines. Highway 171 and Highway 6, plus other arms of the byway offer links to the area towns, sights and attractions. Thirty-plus marinas and other accommodations offer visitors a wide variety of opportunities to enjoy the numerous activities available on or off the water. Beaches, state parks, a luxury golf course, a 26-mile bike trail, interpretive signage areas, observation towers at the dam and excellent opportunities for birding, including habitats for bald eagles, are accessible along the byway.

Twelve years of planning preceded the October 5, 1961 groundbreaking ceremonies with governors Price Daniel of Texas and Jimmy Davis of Louisiana for what is now Toledo Bend Reservoir.

Notable Sites Along the Byway

Cow Bayou Wilderness Area is an approximately 200-acre mixed pine and hardwood forest with a nearly 8-mile, figure-8-shaped ATV trail. Primitive camping is allowed, and a small boat launch is available. The area is open and free of charge except for special rides throughout the year. The area is located off Highway 191 on the parish line between Sabine and DeSoto parishes.

Call 318-256-4114 or 800-259-5253 for more information.

Cypress Bend Nature Trail has five loop distances ranging from one to six-plus miles for mountain biking or hiking. Traversing through tight and open forests, over the region's highest point, and along the lake, the trail allows users to enjoy the area's natural beauty and challenging terrain.

- 2 State Parks
- Biking Route
- Birding Trails/Eagles

Historically speaking

Historic Sites Along the El Camino Real

El Camino Real

Designated as a National Historic Trail in 2004, El Camino Real de los Tejas (Highway 6 in Louisiana and Highway 21 in Texas) has existed for more than 300 years. El Camino Real has its easternmost beginning in Natchitoches, Louisiana, and it runs from piney woods through rolling hills to the arid lands of Old Mexico. The Spaniards and the French who marked the trail were followed by such men as Moses Austin and his son Stephen Fuller Austin (the Father of Texas), Jim Bowie, Davy Crockett, Sam Houston and early missionaries of multiple faiths. An abundance of historic sites await the modern day traveler of El Camino Real, including Fort Jesup State Historic Site.

Historic Sites

Ft. Jesup is located six miles east of Many. The site was selected by Zachary Taylor in 1822. It existed for 26 years as one of the strongest garrisons in Louisiana. The fort was once a large complex of 82 structures. This site features the original kitchen/mess building, officers quarters, a gift shop and interpretive exhibits. Facilities also include a museum and picnic area.

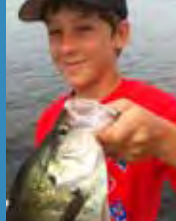

Ft. St. Jean Baptiste is located on the banks of the Cane River in Natchitoches, Louisiana. The original fort was built in 1716 to prevent Spanish forces in the province of Texas from advancing across the border of French Louisiana.

Adai Caddo Cultural Center is located near Natchitoches, Louisiana, and it offers a look at the history and culture of one of America's unique Indian nations. Indigenous to Louisiana and Texas, the Adai Caddo Indians ranged as far west as the plains of Texas where they hunted buffalo. Dance demonstrations are provided by special arrangement for groups and tours. For more information, please visit AdaiCaddoIndianNation.com.

St. John the Baptist Catholic Church was built in 1871 on the highest spot in Many by the first resident priest. The original church burned in 1922. It was rebuilt and later remodeled, still retaining the original Spanish architecture.

Gaines-Oliphant House located in Sabine County, Texas, just across the border from Louisiana, was built in 1818 and is the only surviving structure of James Gaines' large plantation and ferry/tavern enterprise on the Sabine River crossing. It is listed on the National Register of Historic Places.

Los Adaes State Historic Site (1 mile northeast of Robeline on LA Highway 485) The 14-acre site located on the "El Camino Real" near Natchitoches features the remains of a Spanish fort built in the 1700s to protect Texas from the French. It is a major archaeological site and offers interpretive programs.

Communities

Many

In the heart of Toledo Bend Lake Country is the town of Many, Louisiana. Many (pronounced "Manee") offers rich history, diverse culture, and a booming economy. The town, founded in 1843 and named for Colonel John B. Many, offers the modern conveniences of a large city while retaining the charm and safety of a small southern town. The shopping hub of Sabine Parish, Many offers businesses, shops and restaurants. The nearby **Hart Memorial Airport** has been renovated to include a new, up-to-date terminal, new security features and a newly overlaid, extended runway. Many is proud of its churches and dedicated congregations – three churches have over 150 years of continuous service to the community. Many is also home to **Sabine Medical Center**. Various medical clinics are situated in town, along with pharmacies and an ambulance service. Contact Many City Hall at 318-256-3651.

Fisher

The picturesque, sawmill Village of Fisher still reflects the nostalgic past of a by-gone era and gives visitors the feeling of stepping back in time. Built in 1889 by Louisiana Longleaf Lumber Company, the Company owned the entire Village. The Company buildings that survive today are some of the finest examples to be found of the lumber industry's own handiwork. The Village is on the National Register of Historic Places. Fisher is located 6 miles south of Many on US Highway 171.

Zwolle

Zwolle, population about 1,800, has a unique and colorful heritage. The early influence of Native Americans as well as African American, French and Spanish settlers is reflected in the local culture.

Located on U.S. Highway 171 near the center of Sabine Parish, Zwolle (pronounced Zwa'-lee) is a small town that hosts three big Louisiana festivals each year. The Choctaw Apache Indian Pow-Wow is held the third week in April. The Zwolle Loggers and Forestry Festival is held the second weekend in May. The Zwolle Tamale Fiesta is held the second weekend in October.

Zwolle's proximity to Toledo Bend Lake makes it an ideal stop for fishing and water sports enthusiasts. Abundant woods and forests nearby make it equally attractive to hunters.

No visit to Zwolle would be complete without a sampling of its famous Zwolle TAMALES – the best that can be found anywhere.

Florien

Florien is a small town about ten miles south of Many. Three popular attractions are the Corley Log Cabin, the Dover House and the Tree Chair.

The Corley cabin is a two-story house built of hand hewn long leaf pine logs. The house was built in 1859 and is believed to be the oldest residential structure in the area.

Dover House was built soon after World War I and indicates the area's rich timber history. The Tree Chair is one of Florien's most unique landmarks – a metal porch chair that was left leaning against a small oak tree and has become, over time, engulfed by the tree.

Pleasant Hill

Pleasant Hill is well known to Civil War buffs due to its prominence in the war. Each April, a re-enactment of the Battle of Pleasant Hill is staged, with thousands of visitors flocking to the site to relive a piece of Louisiana history.

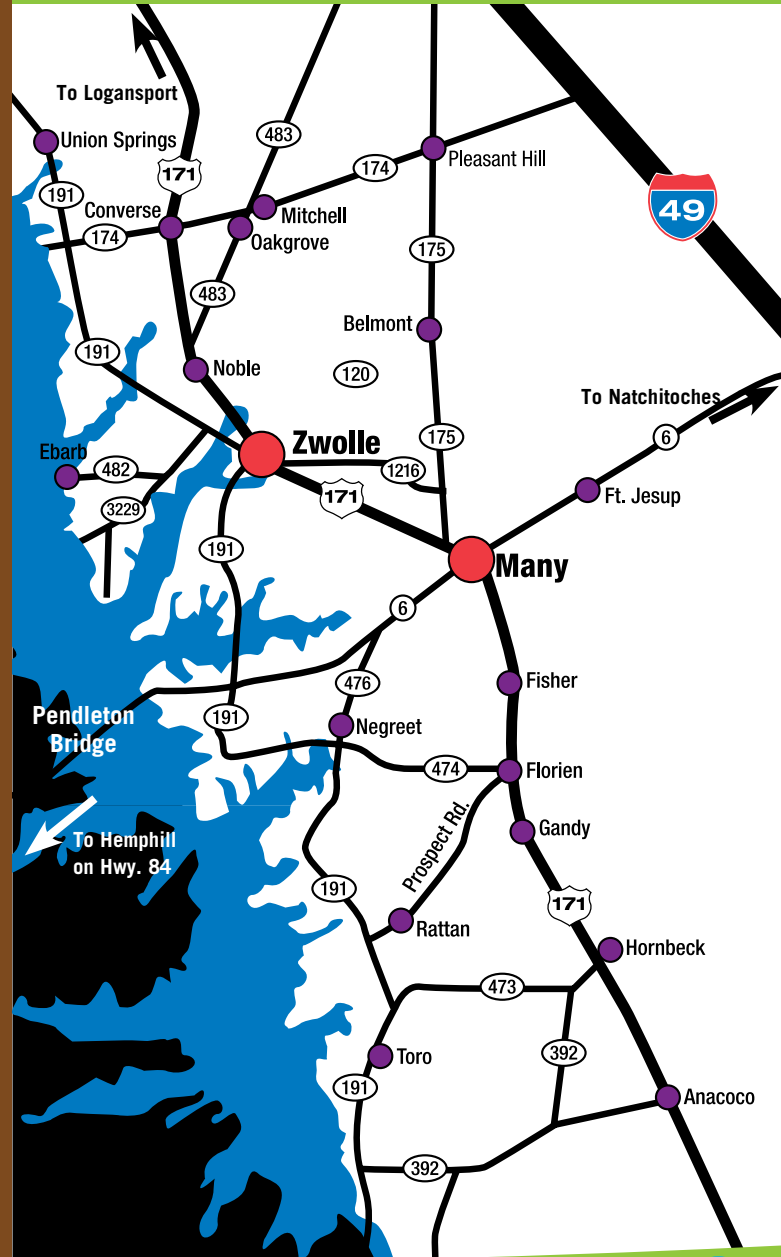

Converse

Converse is the northernmost town of Sabine Parish. The oil boom in the 1920's made Converse, a railroad town, the trading and shopping center of the area. The 1920's oil bust, closely followed by the Depression took its toll, however.

Today, the Converse community spirit has prevailed and visitors find it a small town with big heart.

Ebarb

Visitors to Ebarb will notice the multicultural flavor that has thrived in the community since being settled by the French and Spanish. The combination of European and Indian ancestry makes Ebarb rich in culture, history and folklore. The Choctaw-Apache Tribe of Ebarb is the second largest in the state.
